Check if you would like to receive the electronic USA Swimming Newsletter (must be 13 years of age or older)

All athletes belonging to a club should register through the club. If you belong to a club do not send applications directly to the MS Office.

Clubs should accept new registrations and renewals by having a parent or swimmer (if not a minor) complete and sign the current year's USA Swimming application form. The club's registration officer should then process all registrations by entering all of the information from these application forms into the software that the club uses to manage their team. This software must be compatible with SWIMS (e.g., SDIF version 3 (\*.sd3), COM Link (\*.cl2) or XSDIF (\*.xml)) and the version of the software should be current so that it is capable of exporting ALL of the information contained on the current year's application to a batch file and sent to the MS Office via email along with a list of the athlete names in the batch; otherwise, an additional fee will be charged. The registration of year-round and seasonal athletes via the submission of paper applications to the MS Office will result in an additional \$5.00 per athlete charge in addition to the current membership fee.

Since Outreach athletes may not be registered electronically, there will not be an extra charge for submitting paper applications for Outreach memberships.

To avoid the additional charge, athletes who are not members of clubs may submit an electronic registration using free software (TM Lite) which is available from the Hy-Tek website, http://www.hy-tek ltd.com/downloads.htm

The club check and documentation (see Money Summary Form) regarding the number and type of (year round or seasonal) registrations and the amount of the check must then be sent via snail mail. Registrations are not effective until the fees to pay for them have been received in the MS Office. Lists of currently registered athletes are available to each club in their Club Portal on the USA Swimming website.
